LR 460, 250

the hearings have been held, the city then would proceed to purchase property under negotiation and would proceed then to acquire the land, and then the developer, whoever that would be, you or myself, would agree to develop the land and the city then would through acquiring land refine that purchase by the bonds and everything that they have.

SENATOR KEYES: And if the city got everything they wanted except one little lot in there, would it have the right that they have eminent domain to take that.

SENATOR KOCH: Only if we were to allow them to have that.

SENATOR KEYES: Does this constitutional amendment, does that include the allowing of the city to do that?

SENATOR KOCH: There is nothing in this new section 12, that is what we are doing. We are putting in a section 12 to the Constitution. Nothing in there talks about eminent domain.

PRESIDENT: The question then is the advancement of the bill. Record your vote. Have you all voted? This could have been by voice vote, but when there is some controversy, have you all voted? Record. Senator Koch.

SENATOR KOCH: Mr. President.

PRESIDENT: Senator Koch.
